

Seb Egan

Lighting Designer at Nexus Design

seb@thelightingman.co.uk

Summary

Lighting Designer with a broad range of expertise in architectural, corporate, theatrical, and film lighting. Skills include good communication, a team leader, very organised and well managed, inspired by colour.

My operational mantra is borrowed from Sir Richard Attenborough - "Pictures, whether they be on stage or screen, tell stories and every story can be made or marred by the manner in which it is lit"
